WHOMSOEVER IT MAY CONCERN

This is to inform that we have get availed services of M/s **ALPH Environmental Consultants** for EIA study and Permitting in connection with setting up our Project on Zinc Galvanization Facility at Doha, Qatar.

We have pleasure sharing our impression that the services provided by **ALPH** were quite satisfactory and result-oriented.

ALPH have been found to be quite professional and wealthy in knowledge. They have been found to be quite practical, understanding, and amicable, too.

ALPH have vast experience in the matters related to Environmental Management, Assessment, Audit, and Control.

We wish them all the success in their endeavors and looking forward to further such association.

Yours Faithfully,

for **MIDDLE EAST GALVANISING**

FELIX LOBO
Managing Director
